Justification & Approval

for

Less than Full and Open

Competition

(FAR Part 6)

US Army Corps
of Engineers

Competition in Contracting Act of 1984 (CICA) P.L. 98-369

- Procurements for property or services shall be obtained through full and open competition.
- Seven Exceptions:
 - Only One Responsible Source
 - Unusual And Compelling Urgency
 - Industrial Mobilization
 - International Agreement
 - Authorized Or Required By Statute
 - National Security
 - Public Interest

US Army Corps
of Engineers

What is a J&A?

- Acronym stands for “Justification And Approval For Other Than Full And Open Competition”.
- A legal document required under FAR Part 6.3 for “contracting without providing for full and open competition”.
- It provides authority to the contracting officer to award a contract without full & open competition.
- AFARS Part 53.9005 provides format for a Justification And Approval For Other Than Full And Open Competition.
- J&As not necessary for 8(a) direct matches.

US Army Corps
of Engineers

Types of J&As

- Sole source – award of a single contract to one contractor.
- Limited competition – award of a single contract based upon restricted competition.
- Class – award of multiple contracts for a particular program using one J&A.

US Army Corps
of Engineers

J&A Approval Levels

DOLLAR VALUE

\$1 to \$2,500 (Micro Purchases)
\$2,501 to \$100,000 (Simplified
Acquisition Procedures)
of a J&A
\$100,001 to \$550,000
\$550,001 to \$11,500,000
Advocate
\$11,500,001 to \$78.5M
Over \$78.5M
(ASAALT)

J&A Approval Levels

US Army Corps
of Engineers

Synopsis - Notice of Intent

- **FAR 5.201** requires the synopsis of solicitations, unless there is an exception.
- FAR 5.207 (e) discusses using numbered notes to eliminate the unnecessary duplication of information that appears in various solicitations.
- Note 22: used in sole source situations.

US Army Corps
of Engineers

Note 22

“The proposed contract action is for supplies or services for which the Government intends to solicit and negotiate with only one source under the authority of FAR 6.302. Interested persons may identify their interest and capability to respond to the requirement or submit proposals. This notice of intent is not a request for competitive proposals. **However, all proposals received within forty-five days (thirty days if award is issued under an existing basic ordering agreement) after date of publication of this synopsis will be considered by the Government.**”

US Army Corps
of Engineers

Note 22 (cont)

“A determination by the Government not to compete with this proposed contract based upon responses to this notice is solely within the discretion of the Government. Information received will normally be considered solely for the purpose of determining whether to conduct a competitive procurement.”

US Army Corps
of Engineers

J&A Amendment

- **AFARS 5106.303-1-90 -- Requirements for Amended Justifications.**
- (a) The contracting officer must amend the justification and obtain the required approvals when any of the following occur **prior to award** of the contract:
 - (1) An increase in the dollar value of the prospective contract beyond the authority of the previous approving official;
 - (2) A change in the competitive strategy that further reduces competition; or

US Army Corps
of Engineers

Amendment (cont)

- (3) A change in requirements that affects the basis for the justification.
- (d) Prepare all amended justifications as required in **AFARS 5106.303-2-90(b)(3)**.
- For other changes, document the file with a procuring contracting officer memo for file.

US Army Corps
of Engineers

AFARS PART 53

- **AFARS 53.9004**
- *Justification review document.* This is the cover page of the justification and approval document. Begin page numbering on this document. Enter the control number in the upper right corner of each page.

US Army Corps
of Engineers

AFARS PART 53

- **AFARS 53.9005**
- Format for a Justification and Approval for other than Full and Open Competition.
- Continue page numbering.
- If a paragraph of the format does not apply to the contracting action, indicate “Not applicable,” and explain why.

US Army Corps
of Engineers

1A. Contracting Activity

- U.S. Army Corps of Engineers
- Name of Contracting Office (*fill-in*) Center
- Mailing Symbol-(*fill-in*)
- Address (*fill-in*)

1B. Common Errors

US Army Corps
of Engineers

- Incorrectly titled: Contracting *Agency*
- Incorrect or Non-Specific Address

US Army Corps
of Engineers

2A. Description of Action

- Method of contracting (e.g., new contract or modification)
- Type of contract (e.g., Firm-Fixed-Price) and funds (e.g., RDT&E)
- Identify the funding to be used.
- The estimated share and ceiling arrangements, and fee or profit, when applicable.

US Army Corps
of Engineers

2B. Common Errors

- Presenting information required in paragraphs 3 and 5 in paragraph 2.
- Using acronyms and abbreviations prior to spelling out e.g., USACE rather than U.S. Army Corps of Engineers; or FFP rather than Firm-Fixed-Price.
- Failure to say if it's a modification or a new contract. If a modification, identify the contract by number that is being modified.
- Failure to say what the new contract or modification is for.

US Army Corps
of Engineers

3A. Description of Supplies/Services

- Supplies: Nomenclature, Quantity, Unit Price, Total Cost (Basic + Options).
- Services: Specify USACE's or customer's requirements and the period of performance; estimate total dollar value.
- Describe in sufficient detail for a non-engineer or non-PM to comprehend; no "jargon".

US Army Corps
of Engineers

3B. Common Errors

- Too wordy; narrative should be succinct yet clear.
- Loose ends; it's in your head not on the paper. Don't assume the reviewer knows what you know.
- Don't justify sole source here. Make that justification in paragraph 5. Just describe in paragraph 3 what it is you are buying.
- Costs should cover all contract years, including options. (See Slide 5D - Common error for options)

US Army Corps
of Engineers

4A. Authority Cited

- Statutory Citations – FAR cite, description, and 10 U.S.C. 2304 (*fill-in*):

<u>FAR</u>	<u>Description</u>	<u>10 USC 2304</u>
6.302-1	Only one responsible source	(C)(1)
6.302-2	Unusual and compelling urgency	(C)(2)
6.302-3	Industrial mobilization	(C)(3)
6.302-4	International agreement	(C)(4)
6.302-5	Authorized or required by statute	(C)(5)
6.302-6	National security	(C)(6)
6.302-7	Public interest	(C)(7)

Example: FAR 6.302-1, Only One Responsible Source, 10 U.S.C. 2304(c)(1).

US Army Corps
of Engineers

4B. Common Errors

- Statutory Authority and/or FAR cite differ from what is cited on the Justification Review Document.
- Statutory Authority and FAR cite are not compatible.

US Army Corps
of Engineers

5A. Reason for Authority Cited

- Describe why authority cited is appropriate for this action.
- Identify contractor; include complete address.
- Discuss contractor's *unique* qualifications.
- Identify delayed delivery /cost *impact*.
- Urgency – identify delivery schedule & harm to Government.

US Army Corps
of Engineers

5B. Common Errors

One Responsible Source

- Not fully illustrating why only the proposed contractor possesses the unique qualifications essential to fulfilling the Government's requirements.
- Why are the requirements essential?
- Why can't any other source meet our requirements?
- What would be the estimate of duplication of costs or delay in delivery and the associated impact?
- Saying source is "leading provider" or "most qualified".

US Army Corps
of Engineers

5C. Common Errors

Urgency

- Failure to demonstrate basis for urgent delivery schedule and impact of delay.
- Failure to adequately describe the nature and extent of the injury, financial or otherwise, to the Government as a consequence of delay in contract award.
- Failure to demonstrate why only one contractor can meet the urgent schedule.

US Army Corps
of Engineers

5D. Common Errors: Options

- **OPTIONS.** While options are not prohibited, for One Responsible Source actions, they are not encouraged. To include options you must illustrate why the rationale for sole source will not change over the option periods.

US Army Corps
of Engineers

6A. Efforts to Obtain Competition

- Describe efforts taken to obtain maximum competition for this acquisition.

US Army Corps
of Engineers

6B. Descriptive Statement

- The following statement may be used in *most* justifications: “Market research was conducted, details of which are in the market research section of this document. None of these efforts have yielded additional potential sources. There is no competition anticipated for this procurement.”

US Army Corps
of Engineers

7A. Actions to Increase Competition

Describe:

- Action taken or to be taken
- Competitive data availability

US Army Corps
of Engineers

7B. Common Errors

- Simply stating that no action is being taken. If not, why not?
- The justification must reflect actions being taken to alleviate long term sole source dependency for the item or service.
- No Data. Why not?

US Army Corps
of Engineers

8A. Market Research

- FAR Part 10 (Market Research) & FAR Part 12 (Acquisition of Commercial Items)
- Types of Surveys (appropriate to the circumstances)
 - Federal Business Opportunities (FedBizOpps) Page
 - Trade journals
 - Company catalogs
 - Trade shows
 - Society of American Military Engineers (SAME) Conferences or Symposia

8B. Common Errors

US Army Corps
of Engineers

- Incorrect Title: Market ***Survey***
- Research discussion lacks the following required information:
 - Date or Timeframe research occurred
 - Who performed the research
 - Description of method used
 - No conclusion: who responded to survey, were they qualified, if not, why not? Do they agree with the Government's conclusion? Did we close the loop with firms that did respond? When/How?

US Army Corps
of Engineers

9. Interested Sources

- Indicate solicitation will be synopsized IAW FAR 5.201 and that responses will be evaluated.
- Identify reasons for not synopsizing IAW FAR 5.202.

US Army Corps
of Engineers

Authority for Synopsis Exceptions

- FAR cite for other than full and open competition description, and Potential FAR cite Synopsis Exceptions.
- | <u>FAR Description</u> | FAR |
|---|----------------------|
| – 6.302-1 (8)* Only one responsible source | 5.202(a) |
| – 6.302-2 Unusual and compelling urgency | 5.202(a)(2) |
| – 6.302-3 Industrial mobilization | 5.202(a)(10) or (14) |
| – 6.302-4 International agreement | 5.202(a)(3) |
| – 6.302-5 Authorized or required by statute | 5.202(a)(10) |
| – 6.302-6 National security | 5.202(a)(1) |
| – 6.302-7 Public interest | 5.202(a)(10) |

10A. Other Facts (not *Factors*)

US Army Corps
of Engineers

- **Procurement history**
 - Contract Numbers
 - Award Dates
 - Contractors
 - Competitive or Sole Source (include authority)
- **Subcontracting competition**
 - Address the extent of competition anticipated at the subcontractor level.

US Army Corps
of Engineers

10B. Other Facts (cont)

- **Unusual and compelling urgency-FAR 6.302-2**
 - Causes of urgent situation
 - Efforts taken to avert situation
 - Harm to the Government (life/safety, financial or other)

US Army Corps
of Engineers

10C. Other Facts (cont)

- **Acquisition Data Availability:**
Briefly summarize what data we have or what actions we will take to acquire data that will enable future requirements to be obtained using full and open competition.

US Army Corps
of Engineers

11/12. Technical and Requirement Representative Certifications

- Use specific AFARS wording:
“I certify that the supporting data under my cognizance, which are included in this justification, are accurate and complete to the best of my knowledge and belief.”
- Ensure Name and Title of Technical and Requirement Representatives are identical to those listed on page 1 of the J&A.

US Army Corps
of Engineers

13. Fair and Reasonable Cost Determination

- Identify the method(s) that you will use in making your Fair and Reasonable Cost Determination.
- Will you obtain an audit from the Defense Contract Audit Agency?
- Will you compare proposed costs with an Independent Government Cost Estimate?
- Ensure you sign this paragraph before processing the final version of J&A for signature.

US Army Corps
of Engineers

14. Procuring Contracting Officer Certification

- Use specific AFARS wording:
“I certify that this justification is accurate and complete to the best of my knowledge and belief.”
- Ensure you sign this paragraph before processing the final version of J&A for signature.

US Army Corps
of Engineers

Approval Block

- Use specific AFARS wording
- State precisely the supplies or services you wish to be approved to procure. The best way to do this is to “Cut and Paste” from paragraph 2

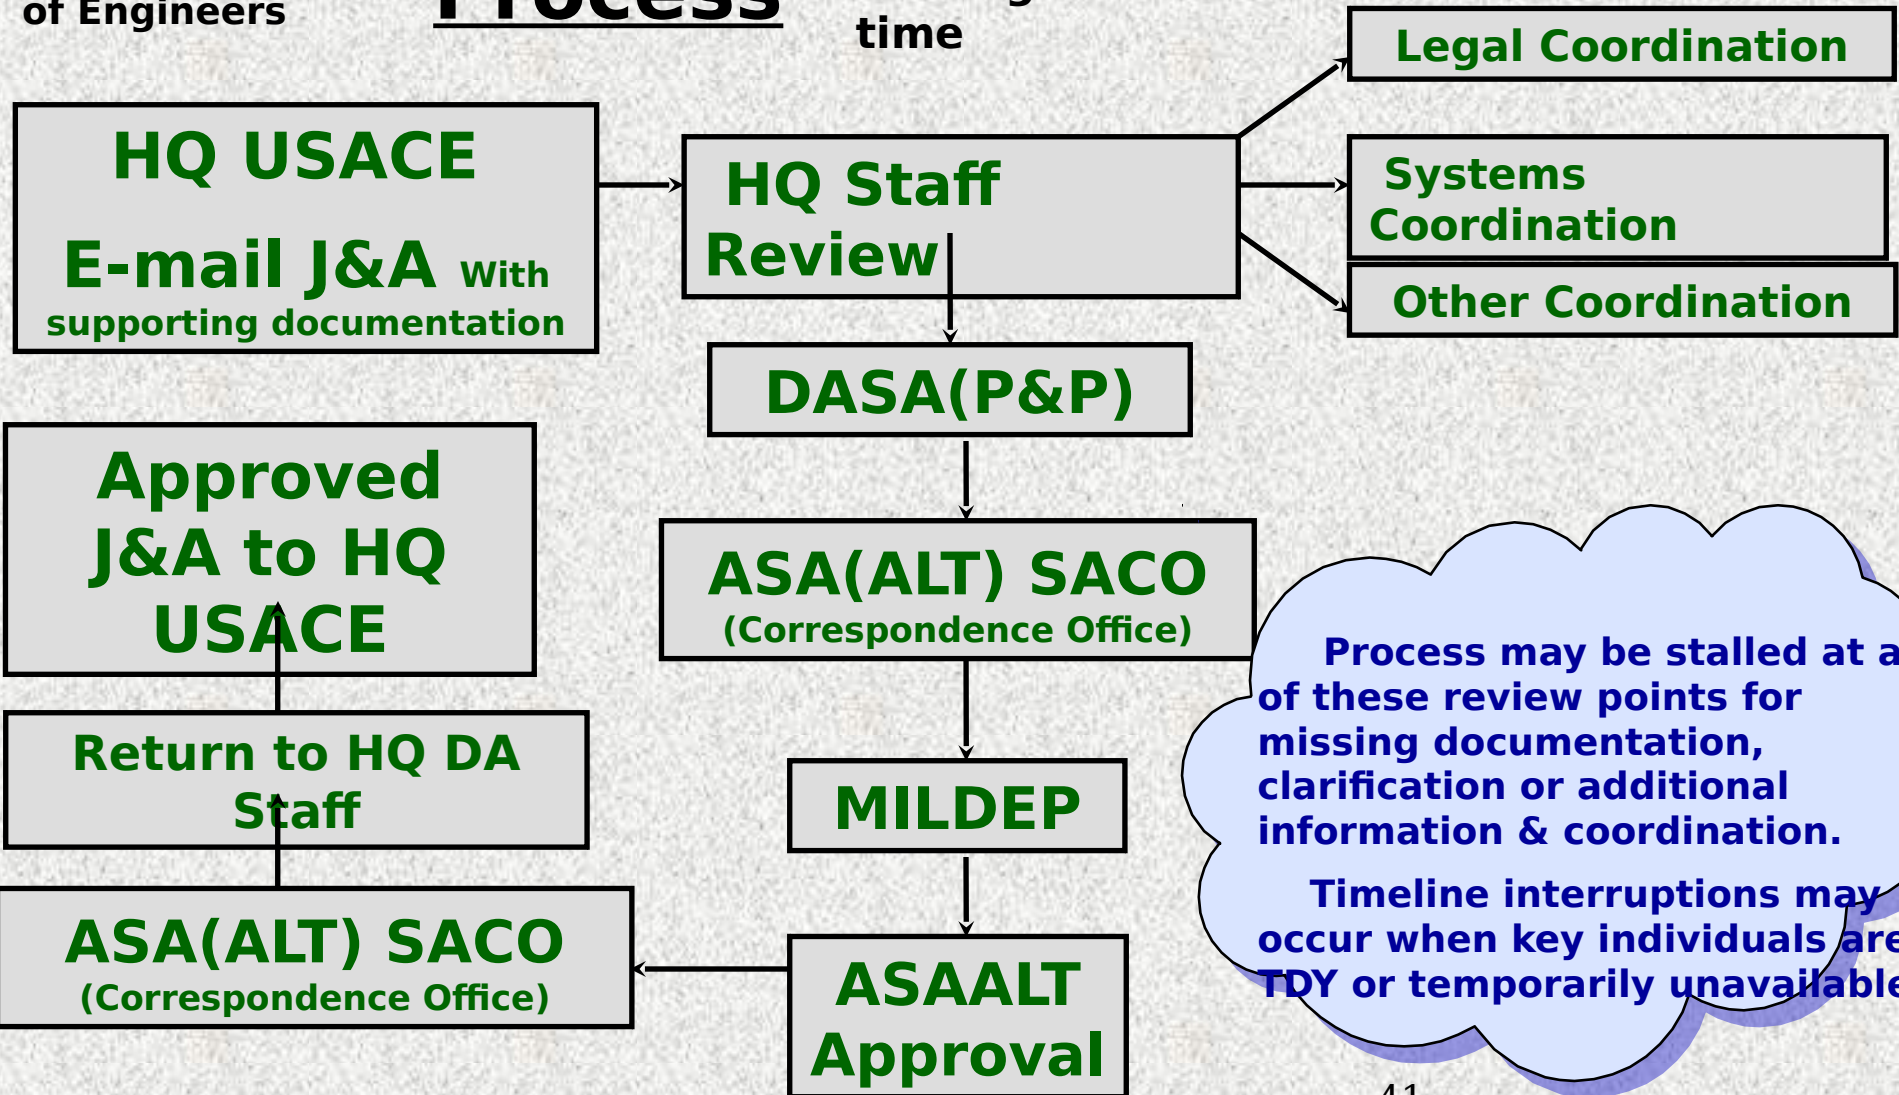

US Army Corps
of Engineers

HQDA J&A Review

Process

4-6 weeks average review
time

US Army Corps
of Engineers

HQDA J&A Review Process

To facilitate the J&A review process:

- Follow the AFARS format at 5153.9004 -- Format for a Justification Review Document for Other Than Full and Open Competition.
- Use the paperless J&A process and e-mail your J&A with all attachments to psstaff@saalt.army.mil.
- Submit signature pages as a .pdf file.
- Provide a current acquisition plan or acquisition strategy.

US Army Corps
of Engineers

General questions for a J&A

- Does J&A include conflicting statements?
- Does J&A explain or justify limiting competition?
- Does the J&A adequately describe why the agency needs the particular product?
- If citing the authority for “Only One Responsible Source”, does the justification inappropriately suggest that there are other providers of these services, e.g., use language that the source is the “leading provider” or “most qualified”?
- If the justification for sole source discusses delays or duplication of costs are estimates of the delays or duplication of costs clearly articulated in the document?

US Army Corps
of Engineers

General questions for a J&A

- Does the justification discuss actions that will be taken in the future to enable future requirements to be competed or explain why no actions are being taken to increase competition in the future?
- Has the agency made an attempt to ascertain whether alternative sources could meet its needs?
- Has the requiring activity conducted appropriate

US Army Corps
of Engineers

General questions for a J&A

- Has the J&A convincingly shown that other firms cannot fulfill its needs?
- Is there indication of any effort to publicize the requirement or to consider other possible commercial sources?
 - If sources expressed interest did the Government contact them before making the sole source award to explain why it had determined that it was not a source that could meet the Government's requirements?
 - If a synopsis is required, does the synopsis provide an accurate description of the item or ⁴⁵service to be purchased?

US Army Corps
of Engineers

General questions for a J&A

- If the proposed action was not synopsisized is an appropriate exception to the synopsis requirement articulated in the J&A?
- Does the J&A require a contract of a lengthy term,
e.g. five years, without addressing why a contract of
shorter duration would be awarded and a competitive procurement begun?
- Does the Procurement History identify other sources that have provided the required item or service previously? If so did the Market Research include contacting these sources?

US Army Corps
of Engineers

General questions for a J&A citing “Unusual and Compelling Urgency”

- Does the J&A factually demonstrate that there is an urgent requirement and that an award must be made within an unusually short time frame?
- Did J&A reasonably establish such an unusual and compelling urgency that the government would be seriously injured?
- Did the requiring activity certify that the government will experience serious injury if a contract

US Army Corps
of Engineers

General questions for a J&A citing “Unusual and Compelling Urgency”

- Is there evidence that the agency created the urgent need through a lack of advance planning?
- Does the J&A reasonably assert that there is only one firm that can promptly and properly can perform the required work?
- Does the J&A factually establish the adverse impact and critical need, or does the J&A rely only on minimal statements regarding the required urgency?
- If an urgency statement exists, is the information
